ABOUT ME

I am motivated, hardworking, possess good communication skills, and work well with others.

I have developed and demonstrated the skills and the abilities necessary to effectively listen and follow instructions while also being able to work autonomously when required.

I enjoy working in fast paced work environments. During my previous employment I have demonstrated that I am able to work in these environments and be a reliable and competent employee.

I have completed four years of tertiary study, obtained a Diploma of Interactive and Visual Games and have recently acquired a QUT Bachelor of Games and Interactive Environments with Distinction.

I am eager to obtain Full time employment. and am seeking a job that gives me opportunities to prove my worth while experiencing an enjoyable and interesting work environment. If given the chance I will prove that I am a reliable, dedicated and dependable part of your team.
